Flights Cancelled Across America: BREAKING! FLIGHTS ACROSS AMERICA ALL BACKED UP BC PILOTS/CREW ARE WALKING OFF BOARDED FLIGHTS! THEY ARE REFUSING THE MANDATED JAB they're shorting airlines because airlines are getting \$20,000,000 in cares bailouts and they're trafficking the illegals all over the states. We caught one in Minot, 100 in Dickinson. That's why they're shorting the airlines. Cares is paying them to shut up. Then when you don't have a vaccine passport you can't flee your state (like mine in ND) because they already have it in our century code they can close down the roads. Plus the 30-30 plan where they're going to take 30% of our land and PEOPLE CAN'T GO THERE. So gulags.

Watch out for Fake Triots Accounts. You can spot them easily. These accounts are still talking about Canada having CCP Military at the border between Canada and US. Clearly, these people know nothing about the US Military Special Forces and Allied Special Forces cleaning up the DUMBs and Tunnels in Canada and have removed tens of thousands of CCP Military personnel. FRANCE Pray for the FRENCH, who are leading the GLOBAL CHARGE against this great COVID VAXX EVIL, which has been THRUST on Humanity by the GLOBALIST LUCIFERIANS. THE French are going Head to Head against the Bastards. Here in France it has gone to the extreme with the "Health" Pass. Last week on the 21st ALL restaurants, bars, coffee shops, and any leisure activities like sporting events, theaters, cinemas, museums, were closed to anyone without "the pass" and all staff at these places are mandated to get the jab to keep their job. It is now a 6 Month prison sentence if you are caught inside any of these places without the pass (the man who slapped the president in the face got only 3 months prison time). Business owners will get a fine of 45,000 euros and 1 year prison sentence if they do not comply with the use of "the pass" and force all their employees to get the jab. (If you know France, you can commit murder and have less of a sentence). So the result? All the low paid employees quit, they can make more on welfare here. (for now). We can still technically "get take out food" but I just tried last night and every restaurant in our town (that is dine in with take out) has closed their doors due to the lack of staff. As of last week ALL doctors, nurses and health industry workers have been mandated to get the jab or lose their license, practice, job, business etc. (ALL health care here is Govt. paid positions and there are no private health care Doctors or Hospitals etc.) Since the Health care system is state run and funded, it has been run into the ground. All the good doctors left France 5 Years ago, all the hospitals look like they are 3rd world hospitals since there is no money to repair them, half of the equipment doesn't work and not every hospital is stocked with supplies needed for daily needs (masks, gels, disposable gowns etc.). For 5 years Nurses have been understaffed and doing double the work because the Health care system is nearly bankrupt.... So add to this the mandatory jab. So the result? Well they took to the streets by the millions and now all the hospitals just lost another 50% of staff capacity. My doctor just went into early retirement (a.k.a. he quit) and I have yet to find a replacement. As of Aug 1st ALL large malls, retail stores and grocery store owners and their staff need to be jabbed and the health pass is required to enter for employees and customers. This would be the equivalent to closing ALL Targets, Walmarts, Costcos, Home Depots, and all major grocery stores. (basically any building over 20,000 square meters) to those without "the pass". Result.?? Aug 15th Truckers will be going on strike Nation-wide; Blocking all access roads in and out of Paris. Yesterday an entire airport in Northern France closed due to the majority of staff quitting. As of Sept 15th All public areas and access will be off limits. No farmers markets, no parks, no national parks, lakes, rivers, beaches, recreation areas, campsites etc. and no gathering over 100 people, no churches, no weddings, etc. As of Oct 1st ALL small vendors such as, delis, pizza trucks, sandwich shops, butchers, bakers, vegetable stands etc. So as of Oct 1st I will only be able to purchase food by internet and pick up (if allowed). Food shortages, Truckers strike, hospitals and airports shutting down unemployment going through the roof. It's going to be a bumpy ride folks. Is it

me or does all this seem a bit extreme for a “pass” that isn’t exactly working? America, England, Australia, New Zealand, you’d better wake up.

Australia is still locked down and it is pretty bad out here but there is some good news. I have nothing specific to share and I don’t like predicting as I have got it wrong before but from looking at tons of information and how that information has changed I think we will see big things happen this week from the 9th and especially from the 11th. Not to diminish all the big things that have happened in the last week or so but I believe bigger things are coming. I can see everything playing out with military precision after they have happened. Nearly all US Navy is on exercises in the Pacific for 2 weeks. This is at the same time that all the eastern side of Australia is in hard lockdown from Melbourne to Townsville and all major centers in between. Large military presence in Australia including US and other countries here. The announcement of 17 time zones Navy Exercises. Our politicians (Australian) have gone crazy in what they are trying to do to Australians and a lot of the dates coincide with the 11th. The 11th Mike Lindell's Corruption show starts, Julian Assange final court appeal happens, lock down rumors for USA, McAfee rumors and information, Britney Spears information and court case, Russian Navy on exercises they are good as well, mass troop movements in USA, Australia, Russia, England, Europe, that I know of. WHO doing back flips. Evil Dr Fucky lying his ass off and getting caught out over and over. He is doomed. All the information coming out about how bad the vax is. All the legal cases being won by the good guys including the big one in Canada and a big one in Australia. Dems throw New York Governor under the bus to create a distraction. Dems are like hyenas hunting and picking over carcasses and will stick together like a pack until they can throw someone away to save themselves. I think Trump will be officially back running things before the end of the month. He has never not been running things. The RV GESARA/ NESARA if not completed will be so soon. Many more people talking about this now. Lots predicting different things so something is happening but I don’t know what. Media going mad in what they are saying and changing from one day to the next. Total Panic. A couple of MSM who are corrupt are now starting to report the truth. Throwing people under the bus to save themselves. Too late. US military report on election confirms massive fraud. This I believe is enough for the military to take over and reinstate Trump just don’t know how they are going to play it out. Declass date was 1st Aug but not much seemed to happen though a lot is but if you change calendars what would be the 1st of Aug is the 14th of Aug and this make sense with what is happening. Round one of information release starts the 11th then round 2 the 14th. I believe the White Hats are just waiting for the Cabal to shut all media down that they do not control including social networks and then wham Black out will happen all troops are in place, all media will be arrested in 3 day blackout and then 10 days of movies. Slash and burn in place with all the fires around the globe. They are losing if we can’t have it we are not going to leave it for you. They are coming after the children now. This is desperation to do as much damage as possible before they lose. Protect your children at all costs. One of Trump's booby traps went off. Dems did tax audit again involving Chicago. Try and convince me that Trump and the best accountants in the world did not know they owed Trump \$1.03 Million USD from 1999. 20+ years of audits and Trumps accountants the best in the world never picked it up? BOOM oops should not have tread on that one. What a time to be alive and aware of everything going on. We can’t make any money at the moment so spending all my spare time researching. I have no idea what is going to happen and when just hunches. Be safe, have

some spare food around. Wishing you all the best. Yours Sincerely in Love and Light Craig RoyAussie Patriot

Kenneth Javier Aquino of Orlando was one of 17 people arrested in a child protection sexual operation involving detectives from the Oberndale Police Department, the Orlando Police Department, the Winter Haven Police Department and the Orange County Sheriff's Office. During the operation, from July 27 to August 1, detectives posed as 13-14-year-olds in social networks, mobile applications and on dating sites.

Pay attention to the number 17. It is present in many articles, situations, even in Trump's statements. 17 is a reference to Q (the ordinal number of a letter in the English alphabet). Arrests of small fish are a kind of preparation of the public to realize that there are a lot of pedophiles around, they are everywhere. A pedophile can be your neighbor, a teacher at school or a boss at work. Is it worth reminding once again that all of Hollywood, show business, and global politics are also thoroughly saturated with Satanism and pedophilia? The truth will definitely be revealed and this disclosure will be associated with very famous people.
